

Wi-Fi 6 Outdoor 4G Router

DWP-403W

Transform Your Network
With Next-Gen Connectivity

- **LTE CAT4 connectivity speed with Download 150Mbps & Upload 50Mbps**
- **IP65 design for water and dust resistance, perfect for outdoor applications**
- **One 10/100 Ethernet LAN port to connect to POE injector or IDU**
- **ABS fireproof plastic material shell**
- **Built-in 4G antenna design**
- **Easy-to-use web interface for advanced configuration**
- **Wi-Fi 6 AX300Mbps**

General

Device Interfaces	• 1 x 10/100 Ethernet port • 4 x LED indicators (PWR, SYS,NET,WIFI) • 1 x Nano SIM slot • 1 x reset button	
Antenna Type	• 2 x internal 4G antennas	• 1 x internal Wi-Fi antenna
LTE Standards	• LTE Cat.4 (DL150Mbps / UL50Mbps)	
LTE Frequency	• LTE: B1/B3/B5/B7/B8/B28/B38/B40/B41	• WCDMA: B1/B5/B8
Wi-Fi Data Rate ¹	• WIFI 6 2.4 GHz: Up to AX300 Mbps (Support up to 32 Clients)	
Wireless Mode	• Access Point (AP)	
Security Protocols	• WPA/WPA2 - Personal • WPA3 - Personal	
Firewall	• Support flexible access control of ICMP packets. • Supports port Mapping, NAT etc feature.	
Protocols	• IPv4	• IPv6

Physical

Hardware version	• A1
Dimension	• 250 x 145 x 67.5 mm
Weight	• 600g
Enclosure	• IP65
Power protection	• ±1 kV
Power Consumption	• Max 3.2W @24V
Operating Temperature	• -10 to 60 °C
Storage Temperature	• -20 to 70 °C
Humidity	• 5% to 95% non-condensing
Certification	• CE

Package Content

- 1 x DWP-403W
- 1 x Power Adapter
- 1 x Passive PoE Injector
- 1 x Pole Mounting Kit (Pole Mounting Strap)
- 1 x Wall Mounting Kit (Plastic Wall Anchors, Self-tapping Screws)
- 1 x RJ45 cable
- 1 x QIG
